PRE-SCHOOL EDUCATION PROGRAM

On 31-10-2019, a program on Pre-School Education was organized in ZPHS, Goraganamudi. A.Kamala Garu explained the importance of the program to the students. She also explained the importance and how the pre-school education plays an important role for the future of the students and also the society. She explains, early childhood education imparted by pre-primary schools helps boost concentration in children. It also encourages them to be good listeners, so that they can follow directions or do tasks on their own or participate actively in group activities. In order to develop the social competence of your child, pre-primary classrooms use fun ways to encourage toddlers to work in a team. By inculcating team spirit in young minds, pre-primary teachers teach students how to work collaboratively in a group environment to achieve a shared goal. As a result, the child becomes a good listener and learns to respect the opinion of his team members so that the team can function without any disruption.
