## ANNUAL E-GOVERNANCE REPORT: 2022-23

E-Governance in the field of the educational sector has changed the way of administration. With the data and processes model of an educational Institution, makes the process easy, well-organized and error free. This is designed to make the system user-friendly, time saving and cost saving also. It helps in improving transparency, providing speedy information, dissemination, improving administrative efficiency and public service in all the aspects of education. The institution was successful in implementing the following services in this year.

S.NO	Name of the Service	Area of Operation
1	CCTV Surveillance	CCTV surveillance system to strengthen campus security. This facility offers a comprehensive range of solutions to secure campus infrastructure effectively.
2	ERP (GURUKOOL MAX)	This Software assumes an imperative part in smoothing out the everyday participation and imprints framework. It is flexible and developed by cutting edge technology & provides an integrated platform for all the students, teachers, administration & other staff members. It is a web based application system & user can easily access from anywhere by login user ID & password.
3	Examination Management	The examination system introduced automation software for pre & post Examination Modules with the following <ul style="list-style-type: none"><li>• Courses –curriculum-student</li><li>• Seating plan</li><li>• Internal &amp; External Marks Entry</li><li>• Examination Results Analysis</li><li>• Progress Report Generation</li></ul>
4	GURUKOOL MAX Integrated Library Management Software	The central library is fully automated using GURUKOOLMAX Library Management Module. The library books are barcoded for entry of issue and return of books. GURUKOOL is fully featured ILMS software for educational institution.
5	Biometric Attendance (GURUKOOL software)	As a part of computerization and digitization of the activities of the Institute, Biometric system is introduced for recording the attendance of the staff of the Institute. Accordingly, biometric instruments are installed in the Institute to enable the staff to register their attendance by recording their finger impression in the machines.
6	Moodle	THE MOODLE (Modular Object – Oriented Dynamic Learning Environment) is a free online Learning Management System (LMS). It is an interactive platform used to communicate information to students and support online interaction and to take feedback from the students.

The institution was successful in implementing the following services in this year.

S.NO	Name of the Service	Area of Operation
1	CCTV Surveillance	CCTV surveillance system to strengthen campus security. This facility offers a comprehensive range of solutions to secure campus infrastructure effectively.
2	ERP (GURUKOOLMAX)	This Software assumes an imperative part in smoothing out the everyday participation and imprints framework. It is flexible and developed by cutting edge technology & provides an integrated platform for all the students, teachers, administration & other staff members. It is a web based application system & user can easily access from anywhere by login user ID & password.
3	Examination Management	The examination system introduced automation software for pre & post Examination Modules with the following <ul style="list-style-type: none"><li>• Courses –curriculum-student</li><li>• Seating plan</li><li>• Internal &amp; External Marks Entry</li><li>• Examination Results Analysis</li><li>• Progress Report Generation</li></ul>
4	GURUKOOL MAX Integrated Library Management Software	The central library is fully automated using GURUKOOL MAX Library Management Module. The library books are barcoded for entry of issue and return of books. GURUKOOL MAX is fully featured ILMS software for educational institution.
5	Biometric Attendance (GURUKOOL MAX software)	As a part of computerization and digitization of the activities of the Institute, Biometric system is introduced for recording the attendance of the staff of the Institute. Accordingly, biometric instruments are installed in the Institute to enable the staff to register their attendance by recording their finger impression in the machines.
6	Moodle	THE MOODLE (Modular Object – Oriented Dynamic Learning Environment) is a free online Learning Management System (LMS). It is an interactive platform used to communicate information to students and support online interaction and to take feedback from the students.

## ANNUAL E-GOVERNANCE REPORT: 2020-21

E-Governance in the field of the educational sector has changed the way of administration. With the data and processes model of an educational Institution, makes the process easy, well-organized and error free. This is designed to make the system user-friendly, time saving and cost saving also. It helps in improving transparency, providing speedy information, dissemination, improving administrative efficiency and public service in all the aspects of education. The institution was successful in implementing the following services in this year.

S.NO	Name of the Service	Area of Operation
1	CCTV Surveillance	CCTV surveillance system to strengthen campus security. This facility offers a comprehensive range of solutions to secure campus infrastructure effectively.
2	ERP ( GURUKOOL MAX)	This Software assumes an imperative part in smoothing out the everyday participation and imprints framework. ## e-Governance Policy

To provide increased transparency, greater convenience of governance within the institution, it is decided to adopt and implement e-governance in activities of the institution. With this aim, the Authorities of Dr. C.S.N. DEGREE & P.G. College resolved to implement e-governance in all possible areas.

### Objectives:

1. To achieve efficiency in functioning of various activities of the institution
2. To promote the transparency and accountability in academic and administrative activities
3. To minimise paperless administration in the institution
4. To provide easy access to information
5. To facilitate internal & external communication through online
6. To make the institution visible globally

The institution has decided to take a great leap in the implementation of e-governance in areas like Planning and Development, Administration, Examination Management System, Finance and Accounts, Student Admission and Support. The key identified areas are as follows.

1. Institution Website
2. Student Admission and Support
3. Student Academics and Teaching Aids
4. Assessment of course outcomes and program outcomes
5. Library Management
6. Administration
7. Examination & Results
8. Finance & Accounts
9. Alumni
